We consistently uphold top quality of work in all our projects. Our recently completed project “Karakoram Diplomatic Enclave” in Islamabad is one of its examples.

Anytime you are welcome to visit this project.
The Project

The project to be located within the Gulberg Greens Housing Society, off the Islamabad Highway. (The Islamabad highway itself is underway conversion into a six lane signal free corridor from Islamabad to the Grand Trunk (GT) road—that will yield in significant real estate development influx within the close vicinity and add convenience in terms of road network and travel times).

Karakoram Greens Islamabad: A luxurious project being planned to deliver spacious, independent and free of congestion residential living space for families wishing to live and work in the Capital and or the Rawalpindi metropolitan area.

The project site at a naturally elevated area overlooking the Korang River tributaries encapsulated into a natural lake front along with backdrop distant view of the Islamabad and Rawalpindi cityscape.

A dedicated residential living project—to span over approx. 20 acres, with 25% constructed and 75% open/green areas—to consist of independent blocks of 2, 3 and 4 bedroom units.

The project will provide significant Capital Gain and Rental Income yield due to non-presence of similar nature of projects—at the same time families who desire to settle in a peaceful, quiet and secure neighborhood will be able to enjoy complete privacy—a pinnacle in the layout design.
Gulberg Greens Islamabad is a housing project launched by Intelligence Bureau Employees Cooperative Housing Scheme (IBECHS) in 2005. It is located on Islamabad Highway at the intersection of Zone-IV and Zone-V, 3 km from Benazir Bhutto International Airport and 12 km from Islamabad Club.

Renowned British Pakistani engineer Abdul Waheed of Urban Planning & Design (Pvt.) Ltd. (UPDL) is the principal project consultant and responsible for the town planning, engineering design and supervision of development work.
